

**REMARKS**

Applicant replies to the Ex Parte Quayle Action dated May 12, 2010 within two months. Claims 1-19 are pending in the application and the Examiner allows claims 1-19. Support for the amendments may be found in the originally-filed specification, claims, and figures. No new matter is entered with these amendments. Applicant respectfully requests reconsideration of this application.

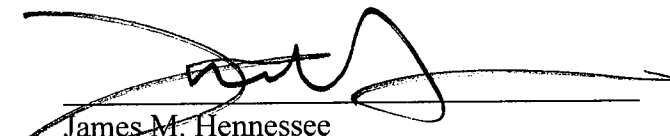

The Examiner objects to the drawings because the Examiner asserts that the drawings must show the features of the invention specified in the claims. Applicant submits a new drawing sheet (Figure 3) to show the exemplary novel features specified in the claims.

Applicant submits Figures 1-2 as "Replacement Sheets" to comply with the rules of submitting a complete set of drawings, but no changes have been included in Figures 1-2.

In view of the above remarks, Applicant respectfully submits that all pending claims properly set forth that Applicant regards as his invention and are allowable over the cited references. Accordingly, Applicant respectfully requests allowance of the pending claims. The Examiner is invited to telephone the undersigned at the Examiner's convenience, if that would help further prosecution of the subject application. The Commissioner is authorized to charge any fees due to Deposit Account No. 19-2814.

Respectfully submitted,

Dated: 7/9/2010
